**Bitter Resolutions Against the A. P. A. at Kansas City.**

**The Catholics Denounce the School Board for Persecution.**

**OTHER STATE NEWS.**

**Bourbon County Man Has His Own Son Arrested.**

KANSAS CITY, Aug. 29.—The various Catholic congregations in this city have adopted scathing resolutions in denunciation of the A. P. A. and the influence they charge it with wielding in the conduct of the city schools, the attack being chiefly directed at the present board of education. The agitation on this subject is daily becoming more conspicuous in Wyandotte county and it promises to be fruitful in interesting developments. The resolutions are as follows:

Whereas, We, citizens of the United States, have been persecuted for the last two years in this city beyond endurance by the A. P. A. in every form and shape, they having brought to this place the vilest lectures—male and female—for that purpose;

Whereas, the A. P. A. by their horrible oath, have banished from this city all the former harmony, unity and neighborly love, setting one neighbor against the other, and making a laughing stock of the words "Christian charity";

Whereas, This flagrant persecution has been inflicted upon us for no wicked deed or unreasonable act on our part, but simply and purely for the sake of our religion, though so sacredly guaranteed in the great constitution of the United States and of this state;

Whereas, We, Catholic citizens, have especially and principally been denounced as vandals and destroyers of our public schools, when in truth not a single word or act of that nature can be placed at our doors; but, on the contrary, we find from the records of the county treasurer that we Catholics have during the past thirty years paid over \$200,000 in cash to uphold and foster them; and all this without any murmur or complaint—never demanding any service or equivalent for this enormous amount of our taxes, and never having allowed, except once in thirty years, a representative on our school board;

Whereas, This unbearable persecution—no American—is perpetuated against us, not by the common people, but by the officers of the city—principally by the school board and its leaders (servants of the public, supported by the taxes of all); therefore, be it

Resolved, That we claim, as citizens and taxpayers of this city, the right and privilege to turn in and demand from our officers of the city, and from the school board, that they should be removed from office, and that we should be allowed to elect our own representatives on our school board;

Resolved, That we take steps to bring the action of our present school board to the notice of the country and leave our cause to the judgment of every just and righteous citizen.

THE STANDING COMMITTEE OF CATHOLIC CITIZENS.

The school board, except as individuals, have as yet, not signified that they have taken cognizance of the resolutions. The resolutions seem to indicate that the Catholics propose to force the matter to an issue.

FATHER WITNESS AGAINST SON.

A Bourbon County Man Has His Son Put in the Reform School.

Fort Scott, Aug. 29.—M. L. Hynes, a farmer living in Pawnee township, south of this city, came to town yesterday and filed complaint against his twelve-year-old son, Reuben Hynes, charging him with burglary and larceny. He was taken into court by his father, pleaded guilty and was sentenced to the reform school.

The lad, with a companion of about his own age, broke into the residence of John Crimmon, in his own neighborhood, and ransacked the house, securing only a 25-cent piece and a pistol. They hid the gun, however, and didn't carry it away. While in the act they were discovered by another neighbor. Young Hynes jumped from a window and fled to a corn field. His father was apprised of the facts and immediately instituted the prosecution. The accomplice will not be punished.

## LOOKING FOR KLOPPERS.

Very Young People Have Run Away From Walnut.

FR. SCOTT, Aug. 29.—The police of this

city were notified yesterday to watch out for a man with one hand gone, who had eloped with a fifteen-year-old girl from Walnut, Kan.

The man described is a young fellow named Foster, who had been working in a grist mill at Walnut. The girl is Minnie Goss, the fifteen-year-old daughter of the proprietor of the leading hotel of that city. She has been infatuated with young Foster for some time, but had been forbidden by her father to speak or correspond with him.

They were both seen about 9:30 Sunday evening, but since that time their whereabouts have been a mystery to friends who are of the opinion that they have eloped and are by this time man and wife.

AN OLD LADY SHOOTES HERSELF. The Revolver Was Nearly as Old as She Was.

LAWRENCE, Aug. 29.—Mrs. Howard, aged 72 years, whose home is on Eighth street near Ottawa street, accidentally shot herself with a revolver nearly as old as herself. The ball entered the fleshy part of the thigh on the inner side of the leg, passed round the bone and out near the knee on the outer side. The wound is not dangerous.

Mrs. Howard did not know the weapon was loaded. It had been in the family a great many years and none knew when it had been fired before.

## FACULTY COMPLETED.

Two Assistants Appointed in the State University Faculty.

LAWRENCE, Aug. 29.—The faculty of the Kansas University for this year has been completed by the appointment of two assistants.

Virgil L. Leighton of Tufts college, Mass., has been selected as second assistant in chemistry to take the place held last year by Mr. E. C. Case.

A Sinclair Dunstan will be the assistant in physics. He comes from the Alabama polytechnic school, where he was associate professor of physics.

Suspected Murderers Discharged.

WICHITA, Aug. 29.—Blue Jay, Nate Simmons and James House were brought up for hearing on preliminary trial in Judge Jones' court charged with the murder of Willard Stark on the night of August 9. They were arrested by the sheriff on August 19 and have been in the county jail since their arrest. The case against them was dismissed by the county attorney on the ground of insufficient evidence to hold them, and they were set at liberty.

The Man Wasn't There.

EMPORIA, Aug. 29.—Deputy Sheriff McGinley has brought in Eliza Bethune, the white girl who ran away with Jess Reed, colored. He found her at Reed's house, but Reed himself had skipped out. The officers have a warrant for his arrest. The girl is only 19 and does not want to go back to her family. She is in custody at the court house.

Horsethief Recaptured.

McPHERSON, Aug. 29.—The horsethief West, who escaped from the Emporia sheriff a few days ago, has been recaptured in this city. West was wanted for stealing a team belonging to Frank Allen, of Iowan, and is supposed to be guilty of a number of other misdemeanors.

## A STRANGE WILL.

A Man Leaves Money to Children of Whom He Knows Nothing.

CHICAGO, Aug. 29.—The will of John McCaffery, which was probated June 14, is one of the strangest legal documents ever filed in the probate court here. The testator was one of the directors of the Grand Trunk railway and also of the Illinois Trust and Savings bank. The testator says he was married three times, that he had five children by his first wife and two by his second wife. Of these seven children he remembered the names of but three.

The bulk of the property is left to the mysterious children, of whom nothing is known, as it was generally supposed that McCaffery's wife had been killed and his daughter was his only immediate heir. A disputed eleven-year old son of the testator by his third wife is given a legacy of \$40,000 and an annuity of \$2,000 to further complicating matters.

One of the missing children known as Nancy Riley is said to have been kidnapped and taken to Ireland fifty years ago. Others of the heirs are thought to be dead and frequent family quarrels and estrangements are left to the middle in which the big estate is left.

## ONLY A POLITICAL MOVE.

The Arrest of Governor Waite So Regarded in Denver.

DENVER, Aug. 29.—The arrest of Gov. Waite and officials of the police department on a charge of detaining and opening a letter intended for Ex-Police Mayor Tilden, has not caused much excitement, being generally regarded as a mere political move.

Populists who are working to prevent the renomination of Waite declare that Republicans who desire to have the governor renominated, believing he will be the weakest candidate the Populists can name, caused his arrest for the purpose of creating sympathy for him in his party and stamping the convention.

On the other hand Republicans say that it is purely a political fight between the Cleveland (white wings) Democrats and the Populists.

The letter in question was enclosed in an envelope addressed "Police Matron, Denver," and it was opened by Matron Dwyer.

## WILSON SPEAKS.

The Tariff Leader Renominated for Congress Today.

Condemns the Influence of the Sugar Trust.

PEOPLE ARE AROUSED.

They Will Not Stand Such Iniquities Longer.

Says Present Law is Better Than McKinley Bill.

MARTINSBURG, W. Va., Aug. 29.—Chairman Wilson, of the ways and means committee, the Democratic tariff leader in the house of representatives, was renominated for congress today. Mr. Wilson made a notable address to the convention. He said: "The honor to which you summon me today is not a new one for me to receive at your generous hands. So many times has it come to me in the past—never coldly or grudgingly—that I should vainly refuse it. I am more deeply moved, and more affectionately touched by your affection today than I have ever before."

Speaking of the tariff bill Mr. Wilson said: "You have followed with waning hope and angry disapproval the tedious and tortuous passage of that bill through the senate, and have seen that despite a nominal Democratic majority in that body, the great trusts and monopolies were still able to write their taxes as they had done under Republican rule in some of its most important schedules. The burden is upon you the same whether they use Democratic or Republican hands as the amanuensis. But the wrong to you is infinitely greater when those who bear the commission of your own party thus prove faithless to its highest duties."

"You know by what influences this was brought about. The country knows and history will know where to put the responsibility for our national failure to redeem our pledges to the people, and our partial failure to dislodge the great privileged interests from our tariff. "The American people are aroused as hardly anything else could have aroused them to the deadly menace which protection begets—the purity and the very existence of free government. They have seen a single great trust empowered by our tariff laws to control the production and sale of a necessity of life, parcelling it out to the country and using its law-made wealth and power to thwart the interests of the people to reduce their own taxation."

"They have seen it hold up congress for weeks and have heard its representatives boldly declare that there would be no tariff bill in which their interests were not protected and they have realized the need of a new tariff bill."

"When the sugar trust thus challenges the American people to a contest of strength, its days are numbered; its temporary triumph is its speedier and more complete overthrow, and with its overthrow will vanish its sister brood of monopolies that are strong through its support."

"But, my friends, there is another and brighter side to this picture. With all its manifold failures, its final retention of many protective duties, its objectionable sugar schedule and its excessive duties on cottons and woollens and metals, the new bill carries very substantial relief to the people and must be accepted as a substantial beginning of thorough and progressive tariff reform."

"We have a right to confess our own shortcomings as measured by the high standard of our own principles and professions. We have a right to hold our own faithful servants to that responsibility, which the duty of party fidelity placed upon them."

"But all this does not imply dissatisfaction with our own party as a whole, or distrust as to its meanings or intention. If the closeness of the vote in one house of congress gave opportunity for a few to combine against the people and against all the rest of their party, and obstruct its faithful efforts to redeem its pledges, the overwhelming mass of the Democrats in the country are subject to no just criticism. They have kept the faith. They have been true to their principles."

"We do not denounce those who failed us in this fight. We are not, therefore, subject to condemnation by our opponents. If we have done less in the way of relieving the people's burdens than we had hoped and promised, they would have done nothing at all. If we have anywhere here uncovered a trust and found it too strong for our complete dislodgement in the first attempt, we have never failed to find them sturdy and solidly arrayed for their defense."

"The weapons with which monopoly has fought they have forged and tempered, and supplied the intrenchment and fortresses behind which privilege has shielded itself from our attack, they have built for it, stone by stone and stronghold by stronghold."

## WHEAT FOR FEEDING.

It Is Preferable to Feed Wheat and Sell Corn When the Same Price.

WASHINGTON, Aug. 29.—A bulletin on wheat as animal food has been issued by the agricultural department. It was compiled by Mr. D. E. Salmon, chief of the animal industry bureau of the department and is in response to inquiries as to the value of wheat for growing and fattening animals, suggested by the important change in the comparative prices of wheat, corn and oats.

The bulletin advocates the use of screenings and imperfect wheat as animal food and the placing of only the best wheat on the market. A statistical table shows the near approach chemically of 26.5 pounds of wheat to the German standard ration for growing cattle from six to twelve months of age and the fact that 33½ pounds of wheat comes much nearer the same quantity of corn. Equal parts of wheat and corn should, however, prove better for fattening animals than either of these grains alone.

"When wheat and corn are the same price per bushel," says the bulletin, "it is preferable to feed wheat and sell corn. First because wheat weighs 7 per cent heavier per bushel than corn; secondly, because wheat is weight for weight, an equally good grain for fattening and better for growing animals; and thirdly, because there is much less value in fertilizing elements removed from the farm in corn than in wheat."

"Wheat should at first be fed in small quantities, and when possible, mixed with some other grain, and care taken to prevent any one animal from getting more than the quantity intended for it. Precautions are especially necessary when wheat is fed to horses."

The best form in which to feed wheat is to roll or grind into a coarse meal. From Canadian experiments, it appears that wheat exceeds corn in feeding value, while in South Dakota corn was found to exceed wheat.

## KOLBITES' INTENTIONS.

They Will Eject a Republican to the United States Senate.

BIRMINGHAM, Ala., Aug. 29.—A prominent Republican who was active in Kolb's interest during the recent campaign is authority for the statement that the Kolbites will meet in November, when the regular legislature meets, convene a legislature of their own, elect a United States senator to succeed Morgan, and will, it is thought, be a Republican, and then adjourn.

They will then let their senator contest with Morgan, who will be re-elected by the regular legislature, for the latter's seat. The Kolbites figure that the Republican will be in the majority in the United States senate next year, and hereby to have their man seated. This will, it is thought, be the extent of the dual government of the Kolbites, and that they will not try to prevent Oates from being governor.

## SAILED THE SEAS 38 YEARS.

One of His Experiences.

For thirty-eight years Capt. Lord followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He relates one experience as follows:

"For several years I had been troubled with general nervousness and pain in the region of my heart. My greatest affliction was sleeplessness. It was almost impossible at any time to obtain rest and sleep. Having seen Dr. Miles' remedies advertised I began using them. After taking a small quantity the benefit received was so great that I was positively alarmed, thinking the remedy contained opiates which would finally be injurious to me but on being assured by the druggist that it was perfectly harmless, I continued it together with the Heart Cure. Today I can conscientiously say that Dr. Miles' Heart Cure did more for me than anything I had ever taken. I had been treated by twelve physicians in New York and San Francisco without benefit. I owe my present good health to the judicious use of these most valuable and healthily recommended them to all afflicted as I was."—Capt. A. P. Lord, Hempden, Me.

Dr. Miles' Remedies Nervine and New Cure are sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, or six bottles for \$5, express prepaid. They are free from all opiates and dangerous drugs.
